VFxxx Controller
(Vybrid) Datasheet
Revision Update

Information Notification

NXP Semiconductors is announcing VFxxx Controller datasheet revisions which are now available for the F-Series and R-Series families.

NXP has clarified part numbers for VADC and non-VADC enabled VFxxx Controller devices, NXP shows this addition in Section 2.3 of the datasheets.

In addition, several other updates have been made to the datasheets which can be seen in the revision history for each datasheet.

Corresponding ZVEI Delta Qualification Matrix ID: SEM-DS-02

For customers who have special part numbers, contact your NXP representative for additional ordering information.

Why do we issue this Information Notification

The latest versions of the VFxxx Controller datasheets are now available with respective updates.

Identification of Affected Products

Product identification does not change

Impact

There is no impact to product form, fit, function, or reliability.

Data Sheet Revision

A new datasheet will be issued

Contact and Support

For all inquiries regarding the ePCN tool application or access issues, please contact NXP "Global Quality Support Team".
