Product Discontinuance Notification (PDN) No: 155044

Subject: Obsolescence of the MT90840 Product Family

Description:

Microsemi is announcing the discontinuance of the following products:

MT90840AP1
MT90840AL1

Reason for Discontinuance:

The decision to discontinue this product was driven by diminished demand and low forecast volumes.

Customer Impact:

These devices are being removed from Microsemi's product offering and will no longer be available for order after November 23, 2016.

Orders for these products will be non-cancelable and non-returnable. There is a limited inventory of these parts, so orders will be taken on a first-come, first-served basis. Please contact your local Microsemi Sales Office for information regarding conversion to alternate parts.

Replacement Parts:

There are no pin compatible replacement devices. Please contact your local Microsemi Sales Office for more information.

Last Order Date: November 23, 2016

Please note that all orders must be booked as non-cancelable non-returnable (NCNR) by no later than November 23, 2016. No new orders will be accepted after this date.

Although Microsemi will attempt to accommodate all requirements, it is highly recommended that orders be placed as far as possible in advance of the order deadline.

Last Shipment Date: May 29, 2017

Please note that Microsemi will continue to ship last-time-buy orders as requested only through May 29, 2017. Product orders must be scheduled to ship no later than this date.

Products Affected by this Discontinuance:

MT90840AP1
MT90840AL1

Note: This is a list of Ordering Part Numbers (OPNs) as are found in product datasheets. Customers may track additional part number variants in their systems, so please consider this a base part list.
