Legacy Serial and Parallel NOR Flash MPN Terminations (1 Year)

PCN: 32161

Published: 2016-12-05

Revision History:

Revision 1, 2016-12-15: This document supersedes the original PCN #32161, dated 2016-12-5. An update has been made to the replacement part number for N25Q064A13ESE4MF.

Type: End of Life

Description: In an effort to maximize manufacturing efficiency for Micron's NOR Flash memory product line, and to better align with industry trends towards higher-density memories, Micron will be discontinuing production over the coming years of NOR Flash devices produced in its Fab-13 Singapore facility. This discontinuance action will allow Micron to better focus its efforts on supporting its competitive, industry leading 45nm high-density NOR Flash products.

The NOR Flash products contained in this notification provide a Last Time Buy in June 2017, and a Last Time Ship in December 2017.

Micron is taking these actions to better focus efforts on supporting higher density NOR Flash products that deliver the most value to our customers, and we encourage customers to consider using one of Micron's 45nm NOR Flash products for any new application or design.

Reason: Manufacturing Efficiency

Product Affected: NOR Flash family M25P, M25PX, M25PE, M45PE, N25Q, M29EW, M29W, J3, P30, P33, MT28G, M58LR, M58WR
